STRIKE FIGHTER COLD HAMMER FORGED BARREL
Available in 10.3", 14.5", 16", 18"
SKU# SI-SFBARREL-10.3/14.5/16/18

The SI StrikeFighter is a premium, cold hammer forged barrel designed with serious use and performance in mind. Our proprietary “StrikeFighter” profile is engineered to reduce weight, while at the same time increase stiffness and mitigate barrel whip. The gradual transitions increase strength and reduce heat related differential expansion, allowing for greater shot to shot consistency like a heavier contour barrel, while still weighing less than an equivalent length government profile. Perfect balance facilitates ultra fast close in transitions, but has the weight and stiffness for fine accuracy shot after shot.

“Mil-Spec is just the beginning. We don’t treat the “Standard” as a goal to reach, but instead as a place to begin.”

At Strike Industries, innovation has driven our success to date, and will continue to be the watchword by which we forge onward. Through relentless experimentation, continuous improvement and unconventional thinking, we are able to develop truly meaningful solutions in service of you, the customer, to get the job done.

By drawing on the combined experience of a dedicated, passionate team from diverse backgrounds and experiences from military veterans, law enforcement professionals, civilian competitors, enthusiasts, and more, we strive to introduce out of the box thinking to create unique tools that combine function, value, and form. The result? Truly custom options, at a price anyone can access, with unmatched quality.

True innovation focuses on answers beyond status quo. At Strike Industries, “Mil-Spec” is just the beginning. We don’t treat the “standard” as a goal to reach, but instead as a place to begin.
